**ADEA/Johnson & Johnson Healthcare Products Division of McNEIL-PPC, Inc.
Enid A. Neidle Scholar-in-Residence Program for Women's Fellowship
Awarded to Dr. Karin Quick**

WASHINGTON, DC—The ADEA/Johnson & Johnson Healthcare Products Division of McNEIL-PPC, Inc. Enid A. Neidle Scholar-in-Residence fellowship was awarded to Karin Quick, D.D.S., Ph.D., at the 86th ADEA Annual Session & Exhibition in Phoenix, Arizona. Dr. Quick is Associate Program Director of the Comprehensive Care Clinic in the Department of Primary Dental Care at the University of Minnesota School of Dentistry.

“We are pleased to collaborate with ADEA again on sponsoring the Enid A. Neidle Scholar-in-Residence Program for Women, which provides educators the time to concentrate on important issues affecting women faculty,” said Elizabeth Roberts, D.D.S., M.B.A., Director, Scientific and Professional Affairs, Oral Care, North America, Johnson & Johnson Consumer & Personal Products Worldwide, Division of Johnson & Johnson Consumer Companies, Inc.

The program honors Enid A. Neidle, former President of ADEA (1985-86). Under her leadership, ADEA adopted its policy of promoting the advancement of women in dental education. The program's fellowship will allow Dr. Quick to spend three months at the ADEA office in Washington, DC, working with a senior ADEA staff member. She will also be involved in a range of ADEA activities in addition to her principal project designed to give her a perspective on issues facing women faculty, including promotion, advancement and tenure policies; entry and re-entry into the workforce; child care and elder care; women's health, work patterns, and advanced education and research opportunities; and other gender-related issues.

“ADEA congratulates Dr. Quick on her accomplishments and wishes her the best in her academic pursuits. Johnson & Johnson Healthcare Products Division of McNEIL-PPC, Inc. has been a wonderful partner in enhancing dental education opportunities,” said 2008-09 ADEA President Charles N. Bertolami, D.D.S., D.Med.Sc.

About the American Dental Education Association

The American Dental Education Association (ADEA) is the voice of dental education. Its members include all U.S. and Canadian dental schools and many allied and postdoctoral dental education programs, corporations, faculty, and students. The mission of ADEA is to lead individuals and institutions of the dental education community to address contemporary issues influencing education, research, and the delivery of oral health care for the health of the public. ADEA's activities encompass a wide range of research, advocacy, faculty development, meetings, and communications like the esteemed *Journal of Dental Education*, as well as the dental school admissions services AADSAS and PASS.
